12 KILLED IN MINING TOWN STREET FIGHT

Private Detectives and Miners Engage in Fatal Clash
DETECTIVES KILLED
Mayor First Victim of Bullet; Four Miners Are Shot Dead

BULLETIN
MATEWAN, W. Va., — Thirty members of the state police force arrived in Matewan this morning and started by deputy sheriffs began patrolling the streets. Word was received from Charleston that Col. Jackson Arnold, superintendent of the state police, had left the capital for Matewan at noon to take charge of the situation there.

(By the Associated Press)
MATEWAN, W. Va.— With 100 deputy sheriffs armed with rifles, surrounding the streets the situation in this mining village, the scene of the killing of 12 persons last night in a battle between private detectives and citizens was quiet early today.

The deputies rushed here late last night by Sheriff Blankenship of Lincoln county had the situation well in hand at daybreak and they made an effort to disperse gatherings of citizens at the railroad station where the state troopers were expected to leave their trains when they arrived.

Last night's shooting in which Baldwin-Feltes detectives clashed with citizens and the Matewan police, resulted, according to authorities who evicted a number of miners from Stone Mountain coal company houses yesterday. Two Stone Mountain company mines were closed recently when it became known that an effort was being made to unionize them. The miners claim that the detectives were sent to dispossess families of workers who had been dismissed by the concern.

Mayor is Killed
A shot, said by authorities to have been fired from a coat pocket by Albert Felts, a detective, and who ended the life of Mayor Caldwell Testerman of Matewan, started the battle. An instant after he fired, Felts, according to authorities, was killed by "Sid" Hatfield, chief of police of Matewan. The shooting then became general and when the battle ended seven detectives, the mayor and four coal miners were dead and three other persons badly wounded. Felts, it is said, had a warrant for the arrest of chief Hatfield on a charge that he had taken a prisoner from detectives some time ago. The mayor was reading the warrant when he was killed.

DARING ROBBERS WORK NEAR STATE PENITENTIARY

(By the Associated Press)
WAUPUN, Wis.—A gun battle in which more than 30 shots were fired took place here today when a gang of four burglars attempted to break into two blocks from the state penitentiary.

Charles Clover, chief of police, and Patrolman Ringham surprised the burglars at their work. The men opened fire. The policemen fired their guns. Windows, doors and counters were shattered. Neither policeman was injured. The men ran from the rear door and escaped in an automobile.

Charge Rent Profiteering—Atty. Gen. Price of Ohio filed a petition in supreme court alleging the transfer of the Columbus Savings and Trust company was to profiteer in rentals.

BURY PROFITS TAX PROJECT

Killed in Committee; Have Tax Plan for Soldier Bonus

WASHINGTON—A 10 per cent stock dividend tax retroactive to last March 15 was approved today by the house ways and means committee as a part of the taxation scheme for financing soldier relief legislation. Adoption of the provision by a margin of one vote precipitated such a fight in the committee that favorable report on the bill was delayed with opponents of the stock tax seeking reconsideration. The committee also refused by a strict party vote to accept 80 per cent retroactive war profits tax, proposed by democratic committeemen.

SORGUM 'LASSES' COMING BACK TO WISCONSIN FOLKS

Sticky Tidbit Booms as Our Sugar Bowl Grows Lean

Good old sorghum 'lasses is staging a come back in Wisconsin.

The demand is so great for the sorghum syrup now produced in the state that the entire supply is readily consumed in the community where it is grown.

Sorghum syrup is no novelty in Wisconsin. For sixty years a few farmers have been making it. The production has ranged from 200,000 to 300,000 gallons a year. In 1919 225,000 gallons were produced.

The shortage in sugar is bringing sorghum to the front and encouraging the growers to increase their acreage. From seventy to 150 gallons of syrup are made from an acre of sorghum.

"Sorghum can be grown in any section of Wisconsin where dent corn will mature," says A. H. Wright of been detailed to the investigation of the College of Agriculture who has sugar and fiber crops.

BOY SCOUTS PLAN FOR CAMP BACKED BY ROTARY CLUB

The boy scouts' project to establish a permanent camp at Green Lake was endorsed by the Rotary Club at its luncheon today. A committee will be appointed to work out a plan to finance it.

Louis Hirsig, chairman of the committee on boys' work presented the matter. The principal expense involved will be constructing a dining hall.

Bartor E. Buckman gave a talk to the club on bonds. The relative advantages of municipal government public utility and industrial bonds as investments were described. Municipal bond issues require careful investigation to see if all legal requirements regarding their issue have been met. Mr. Buckman explained the low price for government bonds, as due to the fact that many subscribed for more than they were able to pay for, and the throwing of millions of dollars worth upon the market depressed the price.

FIGHT RUSSIA OR U. S. ASKS BRITISH M. P.

LONDON — In the house of commons today Sir Donald Maclean, national liberal, demanded of the government what Field Marshal Sir Henry Wilson, chief of the imperial staff, meant, when in a recent speech he advised the men of the British forces to "keep themselves fit for the time that is coming." Amid cries of "hear" Sir Donald continued:

"Who are we going to fight at no distant date? Is it America or is it Russia?" Winston Spencer Churchill, the war minister intervened. He stated that Great Britain had enormous obligations in Constantinople, Ireland, Mesopotamia, Palestine and Egypt. Great Britain had only a small army he said and the Field Marshal in his address had pointed out how sorely they were needed.

WAR VETERAN JAIL PUBLIC MEET CHEERS GOUGER PLEA LA FOLLETTE OF MARSHALL

Senator Must Lead U. S. Liberal Forces Says National Secretary

SEEK NEW THIRD PARTY
Plea for Leader Greeted With Applause by World War Vets

(By the Associated Press)
FORT DODGE, Ia.—Sen. Robert M. La Follette must lead the liberal forces of America in a new third party of the common classes in 1920 as Abraham Lincoln led the new republican party to victory in 1860, Lester P. Barlow, national secretary of the World War Veterans, said today in an appeal for Iowa labor's official endorsement of the World War Veterans and their political platform for a new "national service party" on the third day of the Iowa Federation of Labor convention. Cheers and rounds of applause greeted Barlow's glorification of La Follette.

U. S. SENATE ORDER PROBE OF 'BARRELS'

Both Parties Must Submit to Investigation by Congress

HEARINGS BEGIN SOON

Managers Must Appear With Books and Vouchers, Plan

(By the Associated Press)
WASHINGTON—Investigation of presidential candidates' campaigns of both parties including their contributions and expenditures or use of influence, was ordered today by the senate.

The resolution by Sen. Borah, Rep. Idaho, providing for an investigation by a privileges and elections sub-committee was adopted without a record vote and with little discussion. With the membership of the investigating committee already chosen tentatively, senate leaders said hearings would begin late this week if possible. It is proposed to request appearance of all presidential campaign managers with their books and vouchers showing contributions and expenditures.

To Begin Work on Conduit June 15

Work on the heating conduit from the waterworks to the library and high school will begin about June 15, according to Leon A. Smith, superintendent of waterworks, following assurance of pipe deliveries received from the Paul E. Mueller Co. If there is a local shortage of cement, due to transportation difficulties, priority will be given the conduit work over street work to insure completion by Oct. 1.

Vice President Delivers Keynote Address at Indiana Meet

WOULD RATIFY TREATY
But Drop No One From Party for Stand on League, He Says

(By the Associated Press)
INDIANAPOLIS — "Equal and exact justice to all men" as a remedy for unrest was prescribed by Vice President Marshall in his keynote address today before the democratic convention. He also urged jail sentences for profiteers and increased production to relieve the high cost of living.

"I hold that the democratic doctrine of equal and exact justice to all men and of special privileges to none will meet all the angry and irrecconciled views of today," said Mr. Marshall.

The vice president expressed the hope that Pres. Wilson and the senate would reconcile their differences over the peace treaty and that it would be ratified, but said no man should be read out of the democratic party because of his opinion on the league of nations.

"Let us not delude ourselves into the belief that the currency and credit of this country can double, the population increase and the production remain at a standstill, and yet that the high cost of living may be reduced and peace, plenty and prosperity abound in the land," he said. "Let us quit talking about the profiteer and begin jailing him. And let the man who works understand that in greater production he benefits himself as well as his fellowman."

Enforce Prohibition, Plea
Any let up in the enforcement of national prohibition until legal change has been made in its provisions was opposed by Mr. Marshall.

The vice president assailed the dumping of foreign made goods on our markets. "Stand for Free Speech
Restoration, now that the war is ended, of freedom of speech and of the press with punishment for those seeking to create disorder or overthrow the government by other than legal means was urged by Mr. Marshall.

SUMMONS IS SENT OUT BY GOV. PHILIPP

Far Reaching Legislation Proposed in Call Sent Today

DRASTIC RENT BILL UP

Would Give Railroad Commission Wide Powers in Attack on Evil

BY FRED L. HOLMES.
Gov. Philipp today summoned the Wisconsin legislature into special session for Tuesday afternoon, May 25, at 2 o'clock to enact special legislation which he believes is required at the present time. There are 25 specific topics in the call, the most important of which are the regulation of rents and appropriations for the normal schools and the university.

It is the belief that these matters can be disposed of in a four-day session and that by close attention the legislature will be able to conclude its services not later than Saturday, May 29.

Some believe, however, that the rent and financial legislation is of much far reaching importance as to require a two weeks session.

First on the program under the call issued today is a provision permitting the enactment of rent legislation. Two bills are proposed. One bill will give Milwaukee civil judges further power in regulating unlawful detainers.

Propose Drastic Law.
The second piece of rent legislation, if enacted, will be the most novel piece of legislation ever enacted on this subject by any state in the union. It extends to the railroad commission the same powers in regulating rents as it now has in regulating freight rates and public utility charges.

The proposed legislation would put office buildings, apartment houses, duplex buildings, and dwelling houses in all cities and in all villages in the county of Milwaukee under the jurisdiction of the railroad commission. It provides that no dwelling occupied in part by its owner shall come within the terms of the act. The legislation is declared to be "emergency" and expires April 31, 1923.

On the ground that health and morals and general welfare of the state require this new legislation is predicted. The railroad commission is given full power to take full testimony and enter orders. A dissent.

"MY GIRLS AND BOYS" MET BY JUDGE HOPPMANN

Unruly Family is Visited by Madison Judge; Speaks Tonight

Visits and personal talks with every one of "my" boys and girls in the state institutions at Milwaukee and Wausha featured the recent trip of Judge A. C. Hoppmann to Milwaukee. Half a day in the juvenile court in Milwaukee and another half day observing mothers' pensions hearings as conducted there also furnished material for the report which Judge Hoppmann has made to the Dane county child welfare board.

Judge Hoppmann always refers to the boys and girls whom he finds it necessary to place in state institutions as "my boys and girls." He takes great interest in their welfare as shown by these visits which he made at a personal sacrifice to get the viewpoint and see what effect the institutions had on "his" boys and girls. He was pleased with the institutions.

Juvenile Court Work and Mothers' Pensions will be the subject of a talk which Judge Hoppmann will give before the meeting of the Women's clubs of the second congressional district at Waterloo Thursday evening. On Friday he will speak on "Juvenile Court Work and Duties of Parents to Children" at the Marquette school community gathering.

WEATHER

The highest temperature during the past 24 hours was 72 at 3 p. m. and the lowest was 55 at 4 a. m. Precipitation was .18. Sun set at 7:19.

There have been showers and thunder storms on the lake regions and upper Mississippi valley. Southerly winds and slightly warmer weather prevail west of the Mississippi and west winds and somewhat cooler on the plains.

Principally, a Memorial Building—secondly, it will be a Union Building.

Some Newspapers Are Talking lower prices of clothing and shoes

And while we hope that they are right—from the looks of things now—the same men who are prophesying this slump will along with the rest of us, be paying still HIGHER prices this Fall.

No one will be any happier than this store to announce the good news or quicker to give you the benefit—when the time comes.

And even tho' we are optimists to the back bone and would welcome lower prices with all our hearts—from what we see now, we are frank in saying that the same quality suits we are now offering you at \$50—will be NEARER \$60 than \$45 on Oct. 1st.

OPTIMISM IS NATIONAL NEED

—LAPP

Country Much Better Off Today Than Ever Was Before

The need of optimism in solving national problems was stressed last night by Dr. John A. Lapp in a lecture on "The Future of Democracy." Dr. Lapp is director of the National Catholic Welfare council and was formerly a graduate student at the university.

"The problems of today are comparatively simple; but we will not solve them by being afraid. Fear has been fostered by newspapers and politicians for certain purposes. You can always get suspicious when you see, on the front page of our fair New York newspapers, things not important enough to be there. A little while ago a New York paper published on its front page a story that a soviet government had been established in a Kansas normal school. The facts were that two professors were thrown in the lake for shirking their part in some community activity. That is the sort of thing that has been spread about the country to scare folks into reaction.

"I have no fear of reds or radicals of any sort. There aren't enough of them to worry about. Stories were spread about that there were to be revolutions on the first of May; I didn't even hear of a fist-fight."

Navy Station Here

Notified of New Law

The Madison navy recruiting station was notified Thursday that the navy bill, granting approximately 50 per cent increase in pay to the personnel, has been signed by the president and is now a law. Ex-serving men upon re-enlisting will obtain four months' shipping over gratuity even though they have been out a year and in addition upon re-enlistment will be granted one month's leave with pay. Reservists transferred to the regular navy for the unexpired portion of their enlistment providing they have at least one year to serve, can obtain four months' shipping over pay.

Extend Twice a Day Mail Service

A twice-a-day city carrier service has been extended to include the 1200, 1300 and 1400 blocks of Alwood ave. between Fair Oaks and Oakridge ave., formerly served by rural route No. 3. Postmaster W. A. Devine announced. The change was formally authorized by authorities in Washington acting upon application filed at the beginning of the month. It will add about 10 minutes working time to the city carrier.

Lutherans to Take Vote on Affiliation

A special meeting of Our Savior's Lutheran church congregation will be held at the church parlors at 8 o'clock Friday evening to consider the question of affiliating itself with the Norwegian Synod of the American Evangelical Lutheran church of America.

In case of an affirmative vote two delegates will be elected to the annual synod meeting of that national body to be held in Minneapolis June 4 to 11. Rev. Holden M. Olsen is the pastor of the local congregation and has had charge for the past 13 years.

President or Nothing—Gov. Edwards of New Jersey, candidate for the democratic presidential nomination, announced he would not accept the vice presidential nomination.

FOOD GOES UP DESPITE CUTS

Highest Costs on Record Coincident With Price-cutting

(By the Associated Press) WASHINGTON — Coincident with additional reports of nationwide price-cutting, the department of labor's bureau of labor statistics announced today that foodstuff prices between Mar. 15 and Apr. 15 showed the greatest increase of any 30-day period since April, 1915.

Reports from retailers in 51 cities, the bureau said, showed that in the 30 days dating from Mar. 15 prices for 22 common articles of food advanced five per cent and reached the highest points on record.

Increases in the retail prices of food were reported in each of the 51 cities. Potatoes led in the advance, the retail price increasing 54 per cent.

IMPULSIVE GIRL FLEES TO AFRICA WITH COSTLY GEM

Not, Really—But Only in Strand Movie on Thursday

Marion Davies, latest Cosmopolitan Production, "April Folly," which will be shown at the Strand theater today, tomorrow and Saturday, was adapted from Cynthia Stockley's story of the same name. As a magazine serial, it attracted unusual attention. The theme is a most novel one, relating how April Poole, played by Miss Davies, in search of material for a new novel, impulsively offered to exchange places with the daughter of an earl who was on her way to South Africa with a famous diamond. An extra added attraction, Harold Lloyd in "Captain Kidd's Kids," a rollicking comedy, will also be shown.

At the Fuller—At the Fuller opera house yesterday Harold Bell Wright's film production of his best known story, "The Shepherd of the Hills," opened a return engagement of four days. The picture will be on view each afternoon of this week starting at 2:30 o'clock and twice each evening at 7 and 9 o'clock. As a novel and play "The Shepherd of the Hills" is known to millions and with the aid of the camera, Mr. Wright has visualized his great mind pictures as no words could ever do.

At the Grand—"The Confession," by Hal Reid, with Henry B. Walthall will be featured at the Grand today. The story is dramatic, dealing with two brothers who live in the northern woods. One tries to make the men of the wilds better, while the other "just lives."

Wedding March Is Whistled; Young Couples Need Homes, Says Speaker

First Stockholders Meeting of the Anchor Savings Bldg. and Loan Association Held; Chapman Says High Costs to Continue

BY CHESTER C. PLATT THAT the cost of building has not reached the peak was the opinion voiced last night by C. B. Chapman, who discussed the housing situation in Madison at the meeting of the Anchor Savings, Building & Loan association, which was held at the Y. M. C. A. building in connection with a dinner celebrating the first anniversary of the founding of the organization.

Mr. Chapman said he predicted last September that costs would increase this spring and he last night predicted that building costs ten years hence will be higher than they are today, although during the intervening period there may be some drop back. Therefore, he argued, one may safely build a home even at present prices, and feel that he is making a prudent investment. Judge E. Ray Stevens, president of the Anchor association, proved a lively and witty toastmaster at last night's gathering which was also enlivened by after-dinner stories by M. L. Dunn, Edward Tough and Charles F. Kremers, the evening closing with a sleight-of-hand performance and ventriloquism by H. S. Bostock. Community singing was led by Prof. Dykema, who said nobody had brought out the close relationship

between building and loan associations and matrimony, so he started his program with Lohengrin's wedding march, which the diners whistled as he played the piece on the piano.

Problem for Young Couples "How can we have matrimony?" he asked, "if we have no houses where the young couples may go and live together?"

The report of the secretary and treasurer, Harrison L. Garner, showed how the assets of the organization have grown from \$2,551 a year ago to over \$54,000 now. A steady growth each month during the year has been made. All loans are first mortgage loans and are on Madison improved property. There are 232 members holding installment stock, and 223 shares of paid-up stock in force. A notable feature of receipts and disbursements was the small expense items, salaries being \$836, and all other items amounting to only about half this sum.

A committee composed of Albert G. Michelson, Mrs. Fanny Hamilton and Jacob L. Krings was appointed to nominate directors, and Alfred T. Rogers, Paul E. Stark and S. T. Walker were re-elected. Besides Judge Stevens, the other members of the board holding over are Mr. Kinney, assistant; H. J. Loftsgordon, Judge A. C. Hoppmann, Marcus E. Johnson, W. A. Devine and H. L. Russell. Peace Has Its Battles Building and Loan Examiner Linley said that peace has its battles no less renowned than those of war.

Anchor association as men and women fighting for homes of their own. He particularly commended the spirit of mutual comradeship shown by last night's gathering and he predicted that the organization would have assets of \$200,000, if not \$250,000 by May 1, 1920. He emphasized the importance of workmen owning their own homes as an antidote for social unrest and revolution.

Col. Marshall Cousins, state bank commissioner, spoke on the state control of building and loan associations, sketching the growth of legislation from 1850 down to the present time. In 1876 was passed the law under which associations are now organized, although it has been amended in minor particulars almost every year since that date. He said

while building and loan associations were multiplying rapidly in Wisconsin, we are yet far behind several other states, notably Ohio and Pennsylvania.

New by-laws for the organization were adopted at last night's meeting. There were 125 members present. The Anchor association pays 6 per cent on monthly savings, 8 per cent on paid-up stock. It is able to pay such dividends, it is said, because its funds are so invested that there are no losses, expenses are low, and strictly limited by law, and interest on the loans is paid in each month and at once loaned out again. Loans to the amount of 75 or 80 per cent of the value of improved property can safely be made because the amount of the loans are immediately reduced by monthly payments.

STEEL LEVY \$30 FOR EACH U. S. FAMILY

Swollen Profits of Industry Exposed by Economist

TOTAL IS \$750,000,000 Increase in Basic Products Total 300% Since 1914

WASHINGTON—Profiteering of the big steel interests, which, in war time alone, amounted to \$750,000,000 for eighteen leading companies, or a levy of \$30 on every American family, was exposed in a study of profits in the iron and steel industry filed with the United States railroad labor board by W. Jolt Lauck, consulting economist of the railroad unions.

Increases in the prices of basic iron and steel products were shown to be approximately 300 per cent since 1914.

The survey shows that eighteen of the leading American steel companies increased their net income of \$74,650,000 for the period 1912-1914 to \$337,000,000 for the period 1916-1918, or almost four and one-half times the pre-war average.

Billion Dollar Total

These companies, said the report, made a total of more than a billion dollars, of which some \$750,000,000 represented excess profits over pre-war conditions. The per cent of turn on capital stock also more than quadrupled, rising from an average of approximately 6 per cent to approximately 26 per cent.

That these increased profits were not entirely due to increased production can be illustrated in the case of three corporations, the report declared.

United States Steel increased its net income per ton from an average of \$4.69 prior to the war to an average of \$14.31 during the 1916-1918 period. Lackawanna Steel showed an even larger increase, somewhat influenced by a deficit of the pre-war years, while the Colorado Fuel and Iron Co. was able to raise its earnings per ton from \$2.02 to \$5.84.

U. S. Steel Profits

The average profits of the United States Steel corporation for the years 1916-1918 were \$211,094,537, representing 24 per cent on its heavily watered capital stock," the report said. "This was more than four times its pre-war average of \$53,000,000."

"As a matter of fact its earnings were over a quarter of a billion dollars in 1918, the amount being \$271,537,730, or a return of more than 31 per cent on its enormous capital stock, an income which would mean its replacement in slightly over three years."

AERO DROPPED LUCKY NUMBER

Free Ticket to Circus Flutters From Plane This Noon

Some lucky student will see the circus Saturday without the monetary discomfort usually preceding such pleasures. He is the man who grasped the lucky number from the myriad of number slips and circus posters which were scattered over the hill at 11:50 today from an aeroplane.

Practically all the good tickets for the circus have been purchased already and the remainder are going fast. Open sale on tickets begins today at the gymnasium.

All acts are now arranged for and the program has been definitely made up. One of the headliners is the baroque riding act in which George Brandt, an ex-Culver trooper, will give some wonderful exhibitions of hurdling and monkey drill. Brandt has been training his mount steadily for the past two months and believes that the animal will acquit itself creditably.

Alex Feild and Bob Miller will join Brandt in an exhibition of Roman riding.

Come Out for Soldier Relief Measure at Party Caucus

(By the Associated Press)

WASHINGTON—House republicans, in party caucus, came out squarely for enactment of soldier relief legislation as advocated by the American legion.

Before deciding in favor of the legislation, the republicans refused, 141 to 49, to postpone indefinitely all action on relief legislation. Several republican leaders, including a majority of members of the steering committee, were said to have supported the motion, but there was no record vote.

SUMMONS IS SENT OUT BY GOV. PHILIPP

Continued.

Issued owner has 10 days to appeal to the court from the commission order. The order, however, entered by the railroad commission takes effect the day the complaint was filed.

Given Power to Sue.

The railroad commission is given power to sue a landlord who violates the order of the commission and may collect twice the rent. Of the amount collected one-half is returned to the tenant and the balance goes into the state treasury. Persons who rent an entire flat of a building cannot sue them at a higher price charged by a landlord without the approval of the railroad commission. The bill if enacted into law would become effective at once and the railroad commission would be compelled to entertain all complaints filed with it under the law.

The second important topic in the call provides for the increasing of mill taxes at university and normal schools of the state for the purpose of increasing its operation, maintenance and capital fund. The call does not disclose just what charges are to be made in the mill taxes. At the present time the university is supported by a three-eighths mill tax on the general property of the state. This produces approximately \$1,500,000 annually.

As the valuation of the property goes up in the state the amount of money brought in to the university fund from this mill tax has increased. It is understood that it is now proposed to increase the university mill tax from three-eighths of a mill to five-eighths of a mill.

One Million Increase.

On the present basis of property valuation this would increase the university mill tax fund approximately one million dollars over the present amount. A five-eighths mill tax would bring into the university fund \$2,678,000.

At the present time the normal schools of the state are supported by a one-sixth mill tax. It is understood that the proposal is to increase the normal school tax to one-third. A one-sixth mill tax on the present valuation of the property produces \$678,044. A one-third mill tax would double this amount.

These large sums for the university and the normal schools are to be used for capital construction, operation and maintenance. At the university it is proposed to erect a new addition to the chemistry building and to establish a general hospital in connection with the medical department and increase the scope of the medical department. A part of the increased amount which goes into the normal school fund will be used to pay increased salaries to teachers amounting to \$186,000 annually.

"IT DID GREAT THINGS FOR ME" SAYS VANSELOW

Stomach Trouble and Rundown Condition Completely Relieved by Tanlac, He States

"Tanlac has certainly proved to be the medicine I needed, for it has done great things for me," declared Ferdinand Vanselow, Route 1, South Milwaukee, Wis., car inspector for the Chicago and Northwestern Railway.

"Why, after taking only four bottles I have been entirely relieved of all my troubles and have gained twelve pounds in weight besides. For years I had suffered from stomach trouble so bad I could not eat a single thing without its hurting me. My food would turn sour and ferment, causing me to bloat up with gas which pressed against my heart until it palpitated something awful. Then, too, I had a heavy feeling and intense pains in the pit of my stomach after every meal. I also suffered a great deal from nausea; had a severe headache every day, and at times became so dizzy I could hardly stand up. My nerves were in such bad shape, the least little noise would upset me and cause me to tremble like a leaf. It was impossible for me to get a good night's sleep and I always felt worse in the mornings than when I went to bed. I was tired and worn out all the time and just had to force myself to work."

"As my brother was taking Tanlac and it was doing him so much good, I decided to try it myself. Well, sir, it went right after my troubles at once, and in a short while I was feeling like a new man. My stomach is in fine shape, and I can eat anything I want without suffering from it a particle. I never have a headache or become dizzy any more, and my nerves are in such fine condition I can sleep like a log all night long. That tired, worn-out feeling is all gone, and I can do a hard day's work and feel just as good in the afternoon when I get through as when I start in the morning. I heartily recommend Tanlac, for I firmly believe it will help any one who will take it."

Tanlac is sold in Madison by the Luckey Pharmacies, and in Mazomanie by Geo. A. Shields, in Mt. Horeb by C. C. Roberts, in Cambridge by Ole Bilstad and by the leading druggists in every town.—Adv.

LUTHERAN PASTOR AWARDED \$5,000 IN SLANDER CASE

FOND DU LAC—A jury in the circuit court today awarded \$5,000 to Rev. G. C. Gerlach, pastor of the Rosendale Lutheran church, in his \$10,000 slander suit against Frank Gruett, a member of his congregation.

Three letters written by Gruett to clergymen in three Wisconsin cities were the basis of the verdict. Mr. Gerlach charged that Gruett accused him of improper conduct in these letters. The name of Laura Gransee of Rosendale was drawn into the case in connection with the charges Gruett was alleged to have made against the pastor.

"The letters were actuated by malice," according to the finding of the jury.

Gruett, the defendant, is president of the Rosendale Telephone Co.

WHOM SHALL WE PAY TAXES TO IN MEXICO, PLEASE

American Companies Quiz Secretary Colby in Washington

WASHINGTON—A delegation representing important industrial groups in Mexico asked the state department today for advice as to the Mexican authorities to whom their taxes should be paid.

E. L. Doherty appeared for the oil interests and W. L. Loebe, Jr., of the American Smelting & Refining Co. was the chief representative of the mining group. Secretary Colby took their request under consideration.

The chief point at issue was whether export taxes should be paid at points of export to those actually in control or at the general tax office at Mexico City.

Stomach Trouble and Constipation Ended
Suffered So He Couldn't Work for a year, but Mr. McCormick Was Cured Promptly.

"I had stomach trouble and constipation for five years. One year of this time I was unable to work, suffering untold agony. I declared with some of the best physicians, also took many of the best medicines, but could not find permanent relief. Finally a friend recommended Milks Emulsion. The first few doses relieved me greatly, and three bottles of it effected a permanent cure."—G. A. McCormick, Anderson, Ind.

Mr. McCormick is only one of many hundreds who have endured torture for years and then found that Milks Emulsion gives blessed relief and real lasting benefit. It costs nothing to try. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. "Guaranteed by the Lucky Pharmacies."—Adv.

Common Sense Talks With Women

Women should be taught by those of experience that their most precious possession is their health. Upon it depends happiness, success and attractive homes,—for no home can be attractive or happy with a despondent, nervous, irritable wife and mother, suffering from the ills peculiar to her sex, such as displacements, ulceration, inflammation, irregularities and the consequent headaches, backache, and dragging down pains.

It is such women who should listen to common sense advice and when such symptoms appear try that most successful of all medicines, Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains no narcotics or harmful drugs, and which for more than forty years has been restoring American women to health.

Here is Proof.

Cokesberry, Fla.—"I had a tumor and suffered with a severe pain in my right side. I could not stoop to fasten my shoes and was not able to do my work. I went to the doctor and he gave me medicine and told me to stay in bed for at least fifteen days and not even to lift a basin of water till I could gain strength enough to be operated on for I never would be well without it. I remembered one of my aunts who had been in the same condition and was cured by your medicine so I took Lydia E. Pinkham's Vegetable Compound and got well completely. The tumor has disappeared and I am able to do anything I want to do. I recommend your medicine to my friends and you can publish my testimonial."—Mrs. S. P. RANDOLPH, Box 18, Cokesberry, Fla.

Wakefield, Neb.—"I felt sick all over and did not know what to do with myself. I was irregular and had chills and night sweats, would vomit at that time. I suffered in this way for many years and had medicine from two doctors but they did me no good and so I lost faith in them. Finally my husband got tired of seeing me suffer so he got me a bottle of Lydia E. Pinkham's Vegetable Compound. It seemed to help me right away, then I got Lydia E. Pinkham's Vegetable Compound. Tablets and took several boxes. Now I feel just fine all the time so it surely is a wonderful medicine. I have told several ladies about your medicine and you can use my testimonial."—Mrs. JULIA L. PALMER, R. No. 1, Box 4, Wakefield, Nebraska.

The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is

properly continuing the rebuilding process.

Nightly applications of Vick's VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 232 Broad Street, Greensboro, N. C.

OFFICIALS LOOK FOR BOOST IN SUMMER ROLL

Courses for 21st Session Announced in New Catalog

The twenty-second summer session of the university, which will last from June 28 to August 6, is expected to roll up a registration between 3,500 and 4,000, according to a statement made yesterday at the office of Dean S. H. Goodnight, director of the summer session. The registration last summer was 3,212, which exceeded by far all former records.

The catalog which has just been issued offers courses, both academic and professional, for graduates, undergraduates, teachers and special students. Practically all courses carry full academic credit toward a degree. The catalog especially stresses the courses for undergraduates.

"Students who wish to obviate the disadvantage of specialization and to secure a broad foundation of general culture, should be especially interested in the general survey courses offered in nearly every department of the Colleges of Letters and Science, Engineering, and Agriculture. These brief courses are usually given only in the summer session."

The requirements for admission to the summer session are the same as for the other sessions of the university. The fee is \$32 in the Law School and \$20 in the colleges and Graduate school. There is no matriculation fee.

Many provisions have been made for the entertainment of those who attend. Plays will be presented at the outdoor theater, excursions will be held to various beauty spots and places of historical interest, and social evenings will be held at Lathrop hall. Many special lectures will be given.

PREDICT RECORD FOR CORN CHAMPION

Who will be the corn champion of Wisconsin for 1920?

It took 120 bushels of Golden Glow corn to the acre to win the annual two acre corn growing contest held by the members of the Wisconsin Experiment association last year.

announces R. A. Moore of the College of Agriculture who is secretary of the association.

"We want to break all our previous records and clinch our position as the leading pure corn growing state in the Union," he declares. Last year the contest was won by pure bred seed.

The contest is open only to members of the state experiment association who must enter the contest before June 15.

HOLD OVER PICTURE HISTORY AT MUSEUM

The university Historical museum has made arrangements with the Hootart House to keep the Pictures History of the University on display for another week. The history consists of six volumes, each about two inches thick and 20 by 30 inches in size, containing over 5,000 university pictures dating back to 1887.

Athletics, scenery, military groups, fraternity and sorority pictures, and innumerable university activities give the book an ever-growing historical value. According to Mr. Brown, the curator, considerable interest in the history has been demonstrated the past week. It was through Mr. Brown's efforts that the volume has been placed on display for another week, in order that more of the students may have an opportunity to see it.

ROSS TO WRITE SOVIET HISTORY

Sociology Authority on Leave of Absence Next Term to Prepare Book

A documentary history of the Russian revolution and the first year of the soviet rule, up to October, 1918, based on material gained by the American Red Cross, which formed the only communication between Russia and the outside world for a time, is to be written by Prof. E. A. Ross, head of the sociology department at the request of the Red Cross. Professor Ross made a trip to Russia and Siberia in 1917 to study the situation.

The history, which will be in two volumes, will be an unbiased presentation of facts about events. It is intended to be more in the nature of a source book, which can be used by future writers, according to Professor Ross.

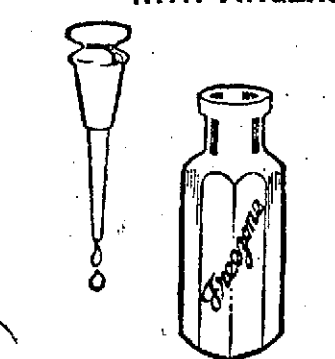

The documents are now being translated in New York City, and Professor Ross expects to take leave of absence from the university during the first semester next year to collect and assemble his material.

FRESHMEN TO OPPOSE IOWA IN WIRE MEET

Sixteen Events Staged at
Camp Randall. and
Ames Today

The freshman track team, under the tutelage of Coach G. T. Bresnahan, will hold its second telegraphic track meet in two years with the fresh squad of the University of Iowa at Camp Randall this afternoon. The events will start at 4 o'clock.

Four men are entered in every event, of which there are 16 in all, and the results of the first three places are scored. Immediately after the final result has been determined a complete score is sent by wire from each university to the other, hence the winner cannot be determined until the Iowa athletic department wires the results of its meet. Both meets will be held at the same hour and under the same rules. Both of the teams will allow their men ten minutes rest between events.

Wisconsin freshmen defeated the Iowa team last year. The Hawk eyes at the same time, held a similar meet with Northwestern freshmen and beat them by a good score. This result, then, gave the Badger freshman the decision over the only two conference schools with which such meets were held.

The men entered for Wisconsin are:

100-yard dash—Noble, McClure, Hoffer, McCandless.
220-yard dash—Noble, Zingg, Park, Schae.
120-yard high hurdles—Gibson, Newell, Fritchell, Steffen.
220-yard low hurdles—Johnson, Heuer, Park, Utgaard.
Quarter mile—McCandless, Woschutz, Stewart, Schae.
Half mile—Woschutz, Blakeman, Bertruff, Stewart.
Mile—Finkle, Blodgett (Capt.), Nichols, Pearson.
Two mile—Habin, Bachhuber, Tschudy, Hazen.
Relay—McCandless, Woschutz, Stewart, Schae, McClure.
Broad jump—Ingold, Johnson, Gillin, Gibson.
Javelin—Heuer, Ingold, Gude.
High jump—Noble, Gibson, Platten, Christie.
Hammer throw—Nichols, Brown, Christianson.
Pole vault—McCandless, Martin, Eling, Scott, McKinnon.
Discus—Noble, Gude, Christianson.
Shot put—Noble, Gude, Christianson.

Player-Option Plan is Restored by O. B.

AUBURN, N. Y.—Restoration of the optional plan in obtaining baseball players from lower class leagues has been voted by the members of the National Association of Professional Baseball leagues, Secretary John H. Farrell announced.

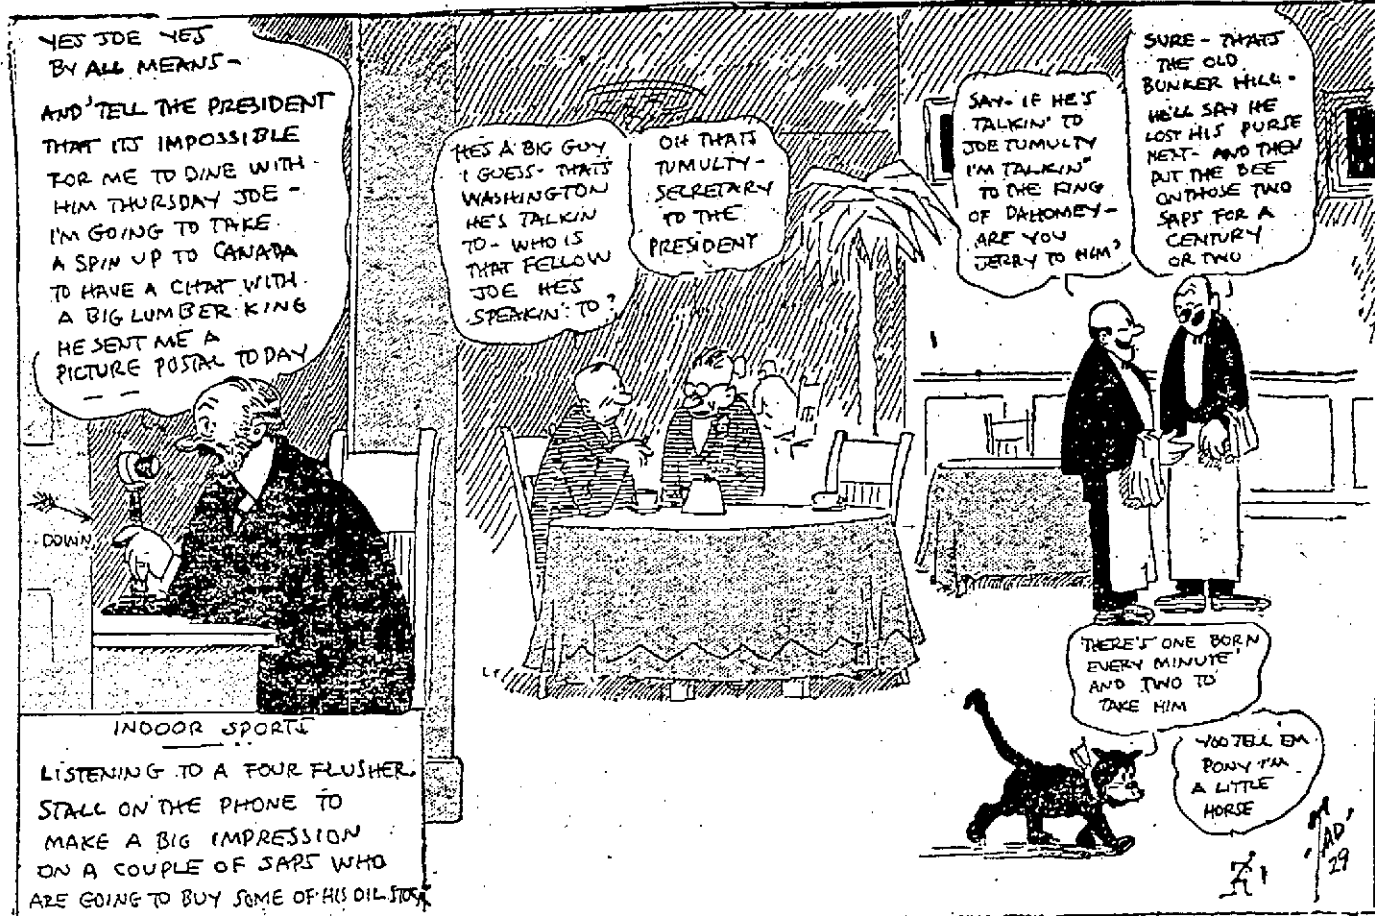

The minimum amount for minor leagues was placed at \$100 and for major leagues \$300, with the privilege of exercising the option between Aug. 20 and Sept. 1.

Three days' notice must be given the secretary's office of the return of an optional player and all official sales and agreements, accompanied by checks, must be sent his office for approval. The practice of "farming" players is prohibited.

in Madison

Madison is to be the home of the world's welterweight champion and the claimant to the world's middleweight crown.

Matty Matsuda, who leads the welter division, and Billy Schoeber, who lays claim to the middle section general ship, announced last night that they had signed contracts that will place them under the management of Dr. E. L. Bump for a period of two years. Both men will move their families here as soon as they can find homes.

Matsuda has been a resident of Columbus, Ohio, for fourteen years. Schoeber has lived all his life in Indianapolis. Both men are married and have children. Matsuda being the father of two and Schoeber of three.

Both Matsuda and Schoeber made another trip around Lake Mendota today, a distance of 22 miles, as part of their training program for the all-star card in Turner hall Saturday night, when the Jap meets Kid Olson, Hammond, Ind., and Schoeber takes on Jack Boyer, Cincinnati, a runner up for the middleweight crown.

Both Boyer and Olson will arrive in the city sometime today. They will work today training in the university gym tomorrow and Saturday morning.

A record crowd will see the coming card. The seat sale at Galvin's, West Main street, has surpassed all previous records.

team tomorrow. It probably will be several weeks before he will take his regular position on the field. The release of Catcher Fred Hager to Atlanta is announced.

Madison, Wisconsin, May 4th, 1920.

To the Stockholders of the Farmers' Co-operative Packing Company:

Gentlemen:

You are hereby notified that the regular annual meeting of the Farmers' Co-operative Packing Company of Madison will be held in the Senate Chamber in the Capitol building at Madison on the 8th day of June, 1920, at ten o'clock in the forenoon. At said time and place there is to be elected seven directors to fill the vacancies caused by the termination of the terms of the following directors: W. E. Moore, W. W. Gillies, J. M. Blatz, S. A. Town, B. E. Billington, Chris' Monson, E. S. Klingman, and at said time and place there will be transacted such other and further business as may properly come before the annual meeting of the stockholders.

Both Chicago Clubs Beaten In Yesterday's Ball Games; Indians Whitewash Yankees

Hornsby's Triple Routs
Phils—Tigers Lose to Ath-
letics—Pirates Trim
Boston Braves

THE story of baseball as played by Chicago teams yesterday was one of inglorious defeat. The Cubs were beaten worse than the White Sox, but the mere matter of runs scored is an immaterial matter. Eddie Cicotte was battered for fourteen hits, while the Cubs used only second string hurlers.

Martin, Carter and Bailey were the Cub mound artists figuring in the Giant victory. The score was 17 to 2, and McGraw's clan collected exactly 17 hits. A home run by Faskert and two doubles by Chuck Hollcher prevented a Bruin shut-out. The Cubs should take the remaining two games of the series with Vaughn and Alexander ready for duty.

The Boston Red Sox triumphed over the Chicago White Sox by a 3 to 2 count. Boston made 14 hits and Chicago 5, so Barrow's team deserved the victory. The sole feature of the game was Hap Felsch's daily homer. The lank Milwaukeean slammed out his second four-play swat in as many days for one run, while John Collins stole home for the other.

The Ruthless Yanks again lost to Cleveland, Covelleski shutting out the Highlanders by 5 to 0. A circus catch by Ping Bodie startled the fans. Covelleski twice put down the side after the Yanks had placed runners on second and third.

The Mackmen evened up the series with the Tigers yesterday by batting out a 7 to 4 victory. Naylor was effective except in the first inning when Detroit scored three runs.

Cecil Algernon Causey lost another game yesterday when the St. Louis Cards jumped on his offerings for an easy win. Roger Hornsby was so inconsiderate of Cecil that he poked a triple with the sacks loaded.

A slab battle between McQuillan of the Braves and Cooper of the Pirates was decided in favor of Pittsburgh when Bigbee tripled and scored on Southworth's single.

Woman Appointed to Crew of Shamrock IV

NEW YORK—A woman will be a member of a crew in an America's cup race for the first time in history, it was learned Wednesday. Mrs. W. P. Burton, wife of Capt. Burton, skipper of Shamrock IV, has been appointed by Sir Thomas Lipton as a member of the after guard of the challenger. Mrs. Burton, who is an amateur, won many prizes in regattas of the Royal Corinthian Yacht club.

Mike O'Dowd Hands K. O. to K. O. Brown

PHILADELPHIA—Mike O'Dowd, 159, the former middleweight champion, knocked out George K. O. Brown of Chicago in the sixth round with a right uppercut to the jaw at the West Philadelphia ice palace last night before a crowd estimated at 10,000, who packed every foot of the big arena. The show was a long one and it was 11:10 p. m. before the final bout was staged. The O'Dowd-Brown bout was a rough and tumble affair, little science being displayed on either side. Brown

TENDLER BEATS PINK MITCHELL AT CREAM CITY

"Lurid Lew" Outpoints Mil-
waukee Lightweight in
10 Fast Rounds at
Auditorium

MILWAUKEE—Lew Tandler of Philadelphia uncorked his soul paw stuff for the benefit of a capacity crowd in the windup of the show staged by the Cream City Athletic club last night and worked so fast that Pinkie Mitchell, one of the "Fried Brothers" of Milwaukee, ran second by a margin that required no explanation for those who witnessed the battle.

Tandler outpointed Pinkie by a good, safe distance and his victory was decisive.

The matching of a left hander and a right hander produced a contest that was worth going miles to see. It was made that because of Tandler's aggressive rushing tactics, for he never stopped going from the time the first gong started them into action until the bell rang denoting the finish.

Pinkie got no rest and he was tired when his night's work was over. The only damage inflicted was a couple of bloody noses. The first two rounds gave some promise to the Mitchell adherents, for Pinkie got an even break in the first and second, then scored another even break in the third, which was an exciting wallop trading session that had the crowd on their feet yelling.

No-hit, No-run Twir- ler Breaks Into In- ter-frat League

It is not usual that a no-hit, no-run pitcher is found in an inter-fraternity baseball league, but one was discovered yesterday in game between Acadia and Theta Delta Chi on the varsity field.

Walter T. Schrenk of Madison, pitching for Acadia, was the twirler who turned the trick. He let the Theta Deltas down without a single safe blow and did not permit a single man to get to first base. Every ball which the Theta Delt batters hit was stopped by an Acadia infielder and not once was the pill clover to the outfield.

Acadia won, incidentally, by the score of 7 to 0.

EIGHT FROSH PLEAD GUILTY TO SENATE

Eight freshmen were found guilty of not wearing their green caps, by the judiciary committee of the student senate at a meeting held Tuesday evening.

Those who pleaded guilty were, Lee Harsh, Newell French, Holgar Rasmussen, Kenneth Leith, Gerald Jenny and Douglas Pongratz. Harold W. Nehls and Floyd Bailey were found guilty by being absent.

The following men pleaded not guilty and will appear before the student senate for trial Tuesday, May 25, at 7 o'clock in the Union building: Jennings, Martineau, J. J. Stream, and Carl Leemius, being accused of not wearing the green cap; Walter Perkins, and S. E. Meyers, who were accused of smoking on the campus. Three men will be tried later: J. R. Shields, R. J. Bibbhausen, U. Breslaur. Ralph Gill and Vincent A. Cox were acquitted because of the fact that they were in service over a year.

447 ATHLETES ENTER BIG 10 MEET AT MICH.

Eighteen Colleges Repre-
sented in Biggest Outdoor
Track and Field Meet
of Year

ANN ARBOR, Mich.—With a list of entries including 447 athletes from 18 colleges and universities, the appearance of a half dozen athletes who have national reputations and as many more known internationally as a result of the inter-allied games, the forthcoming conference outdoor meet, which is to be held on Ferry field, Ann Arbor, June 4 and 5, promises to be the biggest and most successful of its kind ever held by the west and midwest group of schools.

It will be the twentieth annual conference meet. In addition to the 10 conference schools, the Universities of California, Missouri, and Kansas, Notre Dame university, Washington, Michigan Aggies, Kansas State Agricultural college and Butler college have all entered men.

So far as Michigan is concerned, one of the brightest features of the meet is the fact that Capt. Carl Johnson's chances for competing in this, his last eligible competition for the Maize and Blue, are improving daily.

Dr. Hugh Cabot no longer says John cannot compete. Instead he says he has a chance if he keeps on improving for the next week or ten days as he has in the last few days.

With Johnson competing, and with men like Capt. Higgins and Otis of Chicago, Gus of Minnesota, Miller of Purdue, Capt. Emery and the Browns of Illinois, Jack Scholz of Missouri, Bradley of Kansas, and Merchant of California—all athletes of more than ordinary reputation, any one of whom may be expected to break conference and American records—the Wolverine Athletic association officials feel justified in promising some very unusual performances in the forthcoming meet.

SOIREE FRANCAISE SCORES HIT WITH LARGE AUDIENCE

Students From France Show
Fine Dramatic
Ability

By HORACE B. POWELL

Dramatic ability of very high order was shown last night when the French players entertained a large audience with a Soiree Francaise in the concert room of La-trop hall. It was a "French" evening in every sense of the word; for even the cast itself was made up entirely of French speaking students.

The program, for the most part, consisted of two one act farces, "La Fete du Cuvier," and "L'Anglais tel qu'on le parle." The first involves the domestic trials of unhappy Jaquinet, who is the "henpecked" victim of an overbearing wife and mother-in-law. When they insist upon his signing an agreement to help his wife with all the household duties, he defeats them by strategy.

"L'Anglais tel qu'on le parle," or "English as it is spoken," deals with the love affair of Julian Candel, a London bank clerk, and Betty Hogson, whose father is opposing their marriage on account of Julian's unsettled position. The lovers elope to a hotel in Paris, where they register under assumed names. The English father follows and fate brings him to the same hotel. He tries in vain to explain his trouble to the French authorities who can not understand English. Finally, the mistresses are found, almost at the same time that Julian receives word of his promotion, and Hogson consents to the marriage.

During the interim between the playlets, the audience were entertained with vocal solos by Marguerite Meyer, accompanied by her sister, Nella Meyer, and several violin selections by N. C. Kimball, accompanied by Mr. Leon Itis.

Mr. Baston Chabaud also gave a very humorous monologue, entitled "Les Papiers." The program closed with the singing of "La Marseillaise."

Much credit is due to Mr. Chabaud, who directed the staging of the plays, besides carrying a leading part in each. His interpretation of the non-foreign language speaking interpreter in the second play was the dramatic success of the evening. About this role, though it does not form the core of the plot, centers the fun of this execrably ludicrous play.

Exceptional dramatic ability was also shown by Emilie Dejean and E. Varlez in the roles of the fleeing lovers. Miss Dejean's French tongue gave a perfect imitation of anglicized French such as is spoken by her freshman students. She possessed a marked and delightful English accent in speaking her mother tongue. Others in the cast were Marguerite Treille, G. H. King, J. Salvan, E. G. Taylor, and Alice Salvan.

Collins Case Hinges on Weirdest Testimony in Superior Court.

Rats, mice, leaping roofs, dead chickens and sick stock feature the testimony in the case of Miss Nettie Grady and others against Lawrence B. Collins, which was presented to a jury consisting of William F. Peck, Frederick Weiss, P. J. Calvin, Lander J. Nietzer, Peter Burger, A. M. Frick, F. E. Bangs, A. V. Grunley, Joseph Rupp, Joseph Doty, C. C. Luckey and John P. Togg, in superior court Thursday morning.

The plaintiffs are represented by Charles Brown and Stebecker, the defendants by Hill and Gynon. According to Timothy Brown, who presented the case for Miss Grady, Collins rented a farm on the farther side of Wingra lake from Miss Grady, consisting of 180 acres north of the railroad tracks. The complaint alleges that Collins knew the condition of the farm and that he entered into an agreement with Miss Grady on the condition that the farm be put into useable shape. The farm was signed in August, 1916.

The first and second years, Miss Grady alleges, Collins paid \$1,000 rent, and during the third year he paid \$625, leaving a balance of \$375 for which Miss Grady is suing. In addition to damages done to the farm buildings during Collins' occupancy.

At N. Hill, for the defendants, testified that the buildings of the farm, including the house, were, and were in such a dilapidated condition that they present quite a novel sight to the generation. Not only did the house leak so that on the nights the family could hardly find a place in which to sleep, the barn and mice run races all over the place, house and barn, and that all the buildings on the farm were in such a condition that Mr. Collins' stock became ill and the first winter he lost all his chickens. Repaired efforts were made by the Collinses to have repairs of a substantial kind made as agreed upon in the contract, even when they employed an agency. Mr. Collins asks \$1,500 damages sustained during the three years.

Oregon to Honor Its Soldiers on Sunday
 OREGON—At the People's Methodist church next Sunday evening there will be a service of a patriotic nature, the demobilization of the flag of the church. Stars gathered at the dedication of the new Norton Ames, Alex. Anderson, Edwin Bethel, Sheldon Chandler, George W. Clark, Row Cowdrey, Arthur E. Cline, Harry Coggins, Frank Dwyer, Burrice Horton, Lyman Johnson, Morris Jackson, Eugene Jones, Charles Lawry, Dallas Lauder, Homer Madison, Clarke Penso, John Pease, William Pratt, Elmer Peterson and Howard Zink. There will be a star for Matthew James and one for the demobilization of the Y. M. C. A. triangle for Wm. J. Penman, a former pastor, who served in the Y. service. The address will be delivered by Rev. E. Tetreau, who served as chaplain in the A. E. F. Special music will be rendered by the church quartet, the organ played by Mr. McGill, and a dramatic reading, "The Americans Come," by Foster, by Mr. Saunders with orchestra. Six soldiers in uniform will demobilize the flag. The song music will consist of the "Song of the Holy Grail" from Parsifal, "Largo" by Handel, and the "March of the Priests" from Athalia by Mendelssohn.
